

## **Food Safety Policy:**

Pac Tech International, Inc., is a water bottling company committed to satisfying our customers and meeting regulatory quality, food safety and legal requirements, including food fraud prevention and food defense. Risks are continuously identified, analyzed, and controlled by managing a management system that is designed to meet our goals and objectives related to food safety in our products, through Hazard Analysis and Critical Control Points (HACCP) and preventive controls.

We ensure that our staff is competent in food safety hazards and quality through a robust training program, job qualifications focused on continuous improvement to ensure effectiveness.

We promote a positive culture focused on food safety and quality. It is being communicated, implemented, understood, maintained and available at all levels of our organization and customers. It is regularly reviewed and approved by the company's senior management and supported by measurable objectives.
